# Which EU energy tenders should we bid on?

Live run of 2026-08-12 (n8n run 3922): the 14 tenders that passed the Stage 2 relevance gate, assessed as of their discovery date for I@Work Energy Advisory (annual bid budget €450,000).

## Assumptions and constraints

### Win and margin assumptions

Checkpoint 1 | **Conservative**

Win chance 12–72% and about 31% gross margin, as in Checkpoint 1.

**Risk aversion** 0.50

Score = expected profit − aversion × average of the worst 5% of outcomes.

**Bid budget this cycle** €112,500

**Bids due within 14 days, max** 3

**Chance of winning more than we can deliver, max** 10%
